Press Release

September 18, 2006

Tor Krusell appointed new EVP in Skanska

Tor Krusell has been appointed new Executive Vice President (EVP) of Skanska AB. Krusell has since three years been responsible for Human Resources issues in Skanska and a member of the Senior Executive Team (SET). He will continuously hold these positions, now with the title Executive Vice President.

"To retain and develop our people and attract new talent is the single most important challenge for Skanska the coming years. This appointment reflects our aim to further improve Skanska's position as an attractive employer", says Stuart Graham, President and CEO, Skanska AB.

Earlier Krusell was Senior Vice President Communications in Skanska

The Group currently has 54,000 employees in selected home markets in Europe, in the US and Latin America. Sales in 2005 totaled USD 17 billion.

Press Release

September 14, 2006

Skanska to build new shopping and experience center in Malmö for approximately SEK 800 M

Skanska has been commissioned to construct Entré Malmö, the city's new central shopping and experience center. The contract amounts to approximately SEK 800 M, which will be included in order bookings for the third quarter. The customer is the Danish listed company TK Development.

Entré Malmö will comprise three interconnected buildings with total floor space of 82,000 square meters, of which new construction will account for approximately 76,000 square meters. The existing Värnhemshuset building, with retail chain Hemköp as the tenant, will undergo extensive renovation.

In addition to restaurants, movie theaters and a fitness facility, the new experience center will accommodate retail stores on two levels. A two-story car park with 930 parking spaces will be built underground.

The various sections of the center will be joined by a glassed-in pedestrian bridge. A large illuminated glass façade with special illumination effects will be the Center's "display window" to the northern entrance to the city.

Preparatory work has commenced and Entré Malmö is scheduled for completion in autumn 2008.
